# Kabbalah Experience

## Summer Semester: July 10 – August 30, 2017

### Foundation Classes

**Soul: Introduction to Unseen Reality:** The teachings of Kabbalah illuminate parallel realities between the physical and spiritual dimension. The history of Kabbalah and teachings from the Zohar and Kabbalistic masters of Tzfat open new awareness to the interconnectedness of souls and everyday miracles.

**Space: The Tree of Life:** The Tree of Life is the basic map of spiritual reality unique to the Kabbalah. It describes the process of the infinite becoming manifest as finite reality. Students learn to use the Tree of Life as a practical tool to understand the world and their lives.

### Summer Fun

**Dreams and Kabbalah:** “A dream not interpreted is like a letter not read.” This quote is not from Freud or Jung but from the Zohar, the classic medieval Kabbalah book highlighting the connection between dreams and our spiritual growth. We spend an average of 9 years dreaming. In what ways are dreams guides for our emotional and spiritual development? Come and see the significance of dreams. Those wishing to share their dreams are welcomed to do so.

**Film Series: Black Lives Matter** This past year’s films and documentaries help expose the need for greater understanding of and beyond skin color. The Tribeca *Black Lives Matter* film syllabus was collated in 2015. We will challenge ourselves to examine closer the prejudicial masks we inherit and wear through watching films from this past including Hidden Figures, Moonlight, Fences, I am Not Your Negro, Lion, Loving, 2 Fists Up

**Reincarnation in Kabbalah:** We explore the philosophic, scientific and spiritual understandings of reincarnation and examine the specific Kabbalistic understanding of reincarnation for our spiritual awareness. One class will be dedicated to a group regression which allows those who want to participate to access prior life experiences.

**The Songs of Leonard Cohen:** His lyrics and melodies take us on a spiritual journey and resonate with the core teachings of Kabbalah. Homage to a man and his music with lessons to be learned from the cracks of light in the darkness the deeper one listens.
